Our Story

We met in February of 2005, spending our first date at a cozy, quaint Irish restaurant. Becky was immediately attracted to Jim's intelligence and dry sense of humor; Jim loved that Becky laughed at his jokes and how easy it was to talk to her! Our values and beliefs are very similar, so we knew we had found the perfect match in one another. We fell in love right away, and had a beautiful fall wedding on a warm, sunny day in November 2006.

What Brought Us to Adoption

We always knew children were going to be part of our family. Before we even started trying for a family, we discussed adoption. It has always been an option for us, and a decision we came to without hesitation. Jim was adopted as an infant and grew up with devoted, loving parents. So, when fertility medication and procedures turned out to be more than we wanted to handle, adoption was the natural choice. Our family and friends are extremely supportive of our decision, and are looking forward to welcoming a new baby!

Our Hopes, Open Adoption & Relationship with Birth Family

We look forward to creating an open adoption experience that will benefit everybody involved. This could include pictures, phone calls, emails and/or visits. Our child will know from the beginning that he or she was adopted and that it is something to celebrate! It is important to us that our child know about his or her birth family, and how our family has been created with love.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home. If you would like more information about this family, please contact:
