## Our Story

Our story began when we met in 2007 through Ashley's brother. We soon fell in love and, though still quite young, we were married in 2009. We bought our first home that year and have kept busy ever since, preparing it for a growing family. We love spending time together and with our families, with whom we are very close. Though our lives have been very happy and full, we are looking forward to finally adding a child to our home. Our dream has always been to raise a family, consisting of as many children as God chooses to bless us with.

## What Brought Us to Adoption

The possibility of adopting has always been on our radar; we started talking about it when we were just dating. As we fell in love, got engaged, and were married, we dreamed about having biological children and then pursuing adoption. Over the years, we experienced the trial of infertility and sensed God calling us to consider adoption on His timeline—which apparently is a lot faster than our own! After much prayer and years of preparation for a child, we believe whole-heartedly that we are called to grow our family through adoption.

## Our Hopes, Open Adoption & Relationship with Birth Family

Thank you for considering us as parents for your child. If you do choose us, please know that you will always have a place in our lives and in our family. We want to stay connected with you and we promise to always honor and respect your role in our child's life, as it is a bond that cannot and should not ever be broken. Our child will grow up knowing their adoption story and where he or she came from and hopefully, knowing you.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home. If you would like more information about this family, please contact:
