Our Story

Robbie went to a show Allison's band was playing later that week and asked her out. Since our first date, we have become best friends and it's been a whirlwind of fun learning about our lives, hobbies and families. Neither of us had ever been engaged or married and both of us knew right away we are a perfect match. We married in June of 2012, surrounded by friends and family at our family's organic apple orchard in Omena, MI.

What Brought Us to Adoption

It didn't take long after we were married to realize that having a family is something we really want to do. We've loved the experience of becoming an aunt and uncle through our siblings having kids. We simply haven't conceived and ultimately decided it was right for us to pursue adoption. We are very excited about this new-found path and the possibility of becoming parents by growing our family through adoption.

Our Hopes, Open Adoption & Relationship with Birth Family

We want everyone involved to feel comfortable and that we are a good fit for the values, education, opportunities and lifestyle we all want for a child. We appreciate and understand that our relationship with a birth family through open adoption is something that we can all create together, and that it will grow and evolve over time.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home. If you would like more information about this family, please contact:
