Our Story

The two of us met in college. Dan loved Megan’s perspective on the world and her joy in the things around her. Megan loved Dan’s character, his charitable heart, and his adventurous cooking. We stayed together throughout college and got married after we graduated. We live in a quiet suburb in Southeast Michigan with great schools and parks to play at. We also have three cats that love to cuddle.

What Brought Us to Adoption

From the beginning we knew we would be seeking adoption and wanted to make sure we were ready to welcome a child into our family. We believe that things happen for a reason, and that God has something special waiting for us through adoption. We also know that this child is going to be an enormous blessing. Everyone we know is so excited to meet them.

Our Hopes, Open Adoption & Relationship with Birth Family

Everything we do is in the best interest of the child. Our hope is that we can be matched with a birth mother that wants to have a lasting relationship. We’re not only excited at the prospect of Open Adoption, we’re positively thrilled! We would love to keep that special relationship thriving and would encourage visits and time together. We’ll respect whatever level of openness you prefer, but the door will always be open for you.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home.
