Our Story

We are both originally from Mexico. We met in Kansas City KS, where David was working and Adriana moved in with her brother to study English. Adriana's brother and David have known each other for a long time. We became friends, started dating (Adriana had to make the first move) and, in 2004, we tied the knot. We cannot say it was love at first sight, but more like friendship at first sight, which we consider is what has kept the fun in our marriage for 15 years.

What Brought Us to Adoption

We have discussed adoption ever since we got married. We thought about having 1 or 2 our own first, but after trying different procedures, a couple of miscarriages and realizing we were not able to conceive, we decided to stop and follow our hearts. Adoption was the natural following step for us to build up our family. This baby has been growing in our hearts, and waiting to receive 15 years of love we have in store for him/her. We are excited everything came finally together to start this journey!

Our Hopes, Open Adoption & Relationship with Birth Family

We embrace the benefits of open adoption, and wish to start a relationship by sharing letters and photos reassuring you how much your kid is loved and cared for; and hopefully, keep building a positive link considering both parties wishes and what is best for the child. However, if you don't feel ready for a relationship yet, we understand, but would like to maintain the channel open for the future. We want to raise our children being aware and proud of their heritage, praised, nurtured, and loved, sharing with them their adoption story as an act of love from you.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home. If you would like more information about this family, please contact:
