Our Story

We were friends throughout high school and shared some of the same classes. Dominic always reminds Hope of the first time his heart truly fluttered over her. It was on a rainy, cold day during our Gettysburg Band Trip. Hope was standing on top of a giant boulder so that she could see and hear the tour guide. As the tour continued she gracefully slipped into the mud. Dominic happened to notice and helped her out of mud. From that day on we were inseparable. We were happily married in 2014 and our love has only continued to grow.

What Brought Us to Adoption

Once our relationship began to grow into more than a friendship, our conversations quickly turned into our dreams for a family. We knew Hope was unable to have children and knew it was God's plan for us to adopt. We are excited and eager to follow his plan that he has guided us too.

Our Hopes, Open Adoption & Relationship with Birth Family

We are so excited and looking forward to growing our family through open adoption. We have so much love to give and can't wait to share it with your child. We are open to sending letters and pictures to ensure you that your child is secure and unconditionally loved. We wish to give your child every opportunity possible. We will support their every dream, hope, and ambition. We will also educate and share their heritage and family history with them as well. More importantly, we will remind them daily how much they are loved and loved by you.
