Our Story

We both were introduced the first time by Gabby's Aunt and Hector's Sister in Law one night in the house of Gabby's Aunt playing board games. We started dating and discovered we both have similar values and complement each other. We have been married for 12 years. The first 3 years of marriage we lived in México when Gabby got a job offer that would imply to move to USA permanently, and both of us decided to moved 9 years ago to Michigan. It has been a wonderful experience to live this adventure together that has made our marriage stronger every day.

What Brought Us to Adoption

We started to think about growing our family after a couple of years when we moved to Michigan, but for unknown reasons and after some tests taken we still were not able to have children. We have been very grateful for all our blessings and we think a child will be an addition to our happiness. God has mysterious paths to change our plans and we are willing to embrace the journey of adoption.

Our Hopes, Open Adoption & Relationship with Birth Family

We are open to have a continued relationship with their birth parents knowing all the benefits involved for all parties, specially for the child. We believe would be important to let our future child know how loved he/she was and how her birth mother wanted to make sure she/he would be nurtured and taking care of, surrounded by people who will love him/her every day.
