## Our Story

We met over 10 years ago at college in Wisconsin. To be more specific, we spent Saturday mornings in the dish room at our school's dining hall. We always tell people "if you can fall in love with someone under those conditions, you can survive anything together!" By the end of our first semester working together, we were pretty much inseparable.

We dated the entire way through college and got married the day after Steven graduated! We moved to Michigan in 2012 and specifically the Ann Arbor area in 2013.

## What Brought Us to Adoption

Adoption has always been a part of the discussion when we would talk about growing our family. We initially felt that it was a little farther in the future for us, but due to issues with infertility it has happened a lot sooner than we expected. We fully believe that God has a plan for our lives and we are excited that His plan has brought us to this point!

## Our Hopes, Open Adoption & Relationship with Birth Family

We look forward to growing our family through open adoption! We are open to discussion regarding what type of relationship you would like to maintain with your child. We will be happy to send texts, photos, emails, and letters as well as set up visits around birthdays and holidays. We want to help you maintain that connection with your child and know they are being loved and cared for. We hope to provide a loving and nurturing environment for your child in which they are fully supported in all that they do!

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home.
