Our Story

We originally met in 2012 through mutual friends while attending college. We were friends for a couple years before Daniel's persistence of asking Jamie out finally paid off! We started dating in 2014, engaged in 2015, and married in 2016. We were both raised in Michigan's Upper Peninsula, and relocated to Southeast Michigan in 2019.

We enjoy exploring the parks in the area, camping, biking, trying out the delicious restaurants, visiting the Detroit Zoo, and of course, cheering on the Michigan Wolverines!

What Brought Us to Adoption

Adoption has always been a part of our hopes of building a family together, it was just a matter of when. We originally anticipated it would be down the road. However, over the last few years, God has sent us a lot of signs that the path of adoption is where we're meant to be now.

Our Hopes, Open Adoption & Relationship with Birth Family

We fully understand the positivity of an open adoption. It is a desire for us to establish and maintain communication with you so that your child will always know where he/she came from, and your courage to give them life. We are willing to be flexible on your needs and wants for the level of openness.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home.
