Children in Home

Anna (Born in 2017)

Our Story

We met at a potluck and introduced ourselves. We quickly realized we had much in common, including working with a marginalized community of recyclers living next to the Guatemala City garbage dump. Our first date was meeting up for Thai food halfway between our homes in Ann Arbor and Detroit, and we fell in love. We were married in 2014 and had our daughter, Anna, in 2017.

What Brought Us to Adoption

We have extra space in our hearts and our home just waiting for others. We started discerning adoption in 2019 and decided to follow this path in 2020. We are hoping to adopt to expand our family and share our love, not to mention, our daughter would be excited to have a younger sibling with whom to play!

Our Hopes, Open Adoption & Relationship with Birth Family

If your child were entrusted to our care we will love him/her dearly with all of our hearts. We will always try to make the best possible decisions for your child, and raise your child to be a loving, compassionate human being. We believe that open adoption is a healthy choice for everyone involved. We believe your child will be better adjusted in life knowing about his/her biological family, and the love involved in the adoption decision. We want to celebrate and recognize the importance of you, the child's birth parents, and be on positive terms with clear communication based on mutual respect.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home. If you would like more information about this family, please contact:
